

Elijah Wreh, a 2000 graduate of the College of West Africa is Board Director, Global Regulation, and Compliance leader, accomplished published author and industry representative for the FDA Advisory Committee Neurological Devices Panel. Mr. Wreh is recognized for subject matter expertise within the realm of medical device regulation and he has embedded in-depth knowledge of leadership in the healthcare sector, building high performing teams to drive the success of organizations. He has initiated effective strategic planning to ensure the development of products across the international arena. He has guided negotiations with global regulatory agencies to align audit results with operational transformation and implement compliance structures. In 2011, the Medical Device Fellowship Program (MDFP) appointed him as a staff fellow at FDA Center for Devices and Radiological Health (CDRH), Office of the Center Director (Dr. Jeffrey Shuren). He was part of the FDA team of experts that wrote FDA guidance document on “***Reprocessing Medical Devices in Health Care Settings: Validation Methods and Labeling.***”

He is an Adjunct Professor at Case Western Reserve University, Part-Time Lecturer at Northeastern University, College of Professional Studies and guest lecturer at Cleveland State University and the University of Akron. He holds a Master of Science degree in Regulatory Science from the University of St. Thomas (St. Paul, Minnesota), a certificate in Healthcare Compliance from Seton Hall Law School (Newark, Jersey) and a Risk Analysis certificate from Harvard T.H. Chan School of Public Health (Boston, Massachusetts). He is also the Vice Chairman of the Board of Directors of CommStar Credit Union in Elyria, OH and Advisory Council Member of GI Research Foundation in Highland Park, IL.
