

REQUEST FOR PROPOSAL

June 29, 2022

The College West Africa Global Alumni Association in collaboration with the Class of '81, announces its intention to procure and install a solar energy system at the Ashmun Street campus of the College of West Africa (CWA), Monrovia, Liberia, West Africa.

A recently conducted professional needs assessment estimates the power consumption as follows:

Total power output (including redundancy) =15kW.

Normal nighttime consumption=4kW minimum

Normal daytime consumption = 8kW minimum

In this regard, we now issue a formal "Request for Proposal" (RFP) from qualified, competent, registered businesses with expertise and experience in providing such services. The RFP should include (but not be limited to) the quality and source of all equipment, warranties (including performance bonds), installation time, cost, references, qualification of relevant staff, etc.

All RFP should be sent to the following email address no later than Friday July 8, 2022.
